Description *Killer Families: True Crime* by SYLVIA PERRINI

MURDER IN THE FAMILY. MURDER BY DADS, MOMS, KIDS & SPOUSES.

The family home is supposed to be a place where family members find a safe haven from the stress of outside life. A place where they feel protected and loved. Yet for many this is simply not the case.

The true stories in this short book demonstrate that the family environment can be a very dangerous place indeed. Not just for children suffering from child abuse, but also for mothers, fathers, wives and husbands. In the United States, one of the most treacherous places for a woman is in her own home. Women may be afraid of strangers, but it's a husband, a lover, a boyfriend, or someone they know who is most likely to hurt them and they are at the highest risk of suffering violence or murder when they are divorcing or separating from a partner. Men too can suffer abuse from their wife or partner but the difference in physical size and strength puts a woman at greater risk than a man.

For children, the greatest danger is not an unknown stranger, but their immediate families.

Is your family safe?
