Description *Leading a Relationship into the Light: simple but profound statements to renew relationships, free your mind, lighten the mood & warm your heart* by Elizabeth Richardson

A Message From The Author

Love is the most natural emotion of all.

I'm not here to fix you, give you advice or tell you what to do. I've compiled this mini book to benefit me! Reaffirming the essence of what a more unconditional love really feels like has enhanced my life incredibly, opened my heart wider than I ever thought possible and renewed every relationship I've ever had, especially the relationship I have with myself!

I found inner fulfilment beyond my wildest dreams. I now know a real, a lasting and a sustainable love. I didn't have to carefully choose the right mate or change the one I had. I didn't need my kids to behave or to get them to see things my way. I didn't have to forgive my parents or wait until they treated me better. I didn't need to do anything differently or to ask anyone else to agree with me. It was much easier than that ...

"I just slightly changed my thoughts about what real love means!"

On the following pages are just a few simple words that when you read them, might soothe you into feeling a little bit better too, they might bring more clarity to your mind, they might open your heart wider and they just might take you even closer, to where you really want to go.

"Enjoy!"
