Description Medical Monsters by Robert Keller

The lives and dreadful deeds of 20 horrific medical serial killers, including:

Geneve Jones: a truly monstrous paediatric nurse who murdered as many as 47 babies and children entrusted to her care.

Glennon Engleman: a rather unconventional dentist who moonlighted as a hitman and murder-for-profit killer.

Michael Swango: a deadly doctor who took genuine pleasure in poisoning his patients and colleagues. Killed at least 60 in an intercontinental murder spree.

The Lainz Angels of Death: four lethal nurses who turned the geriatric ward at an Austrian hospital into their private killing field.

Gwendolyn Graham & Cathy Wood: lesbian lovers who got their kicks by suffocating the elderly patients under their care.

Teet Haerm: police pathologist who spent his nights hunting prostitutes in Stockholm, Sweden. Haerm actually performed autopsies on many of the women he'd killed.

Orville Lynn Majors: an ICU nurse with a deep-seated hatred for his elderly patients, Majors is suspected of over 100 murders.

Kimberly Saenz: addicted to prescription drugs and with her life falling apart around her, Saenz struck out at helpless patients, injecting them with bleach.

Donald Harvey: dubbed the "Angel of Death," Harvey killed at least seventy hospital patients by suffocation, poisoning, drug overdoses and other methods.

Thomas Neill Cream: London's East End had barely recovered from Jack the Ripper when Dr. Cream arrived on the scene, dispensing agonizing death with his special little pills.
